

OUR LADY OF ANGELS SAFE ENVIRONMENT UPDATE TRAINING

It is now easier than ever to fulfill your Safe Environment update training obligations - an online 'paperless' process done through the Diocese of Dallas Safe Environment website.

Here are the instructions:

1. Click on this link: <http://dallas.setanet.org/obligations.php>
2. follow the instructions and enter your name and street address, and click on **"Search"**
3. The next page is a 'welcome' page, and asks you to make any changes to contact information (address, phone, email address etc); if your information hasn't changed, just scroll down to the bottom, and click on **"Update information and continue"**
4. On the next page, please ignore the **RED** comment **"Classes you are currently required to take"**. You do not need to attend a Family of Faith Class. All cleared adults have already done that in your initial training. (When our information was converted over to the diocesan software, the Family of Faith attendance history was not part of the conversion). If you are a relatively new volunteer (within the last 18 months) you may not have this requirement marked on your information. Click on the **View All Online Courses** tab.
5. Click on **any one of the courses**, and the training session will begin. You should allow yourself at least 30 minutes to complete the course. (some take less time). You **MUST** take the test at the end of the video to fulfill your training needs.
Once you have completed the online training, your safe environment training status will change.

Thank you for attending the Diocese of Dallas Safe Environment Renewal session. This online session consists of short video clips followed by multiple choice questions.

Please note the following:

- You must complete the entire session in one setting to earn credit for attending. Credit for class completion will immediately be reflected in the database.
- This session should only be viewed by adults 18 years and older. Due to the content of the videos; minors should not be present while the video is viewed.
- You will need Flash Player version 8 or higher. You can [download flash here](#) if you do not have it installed.
- This is only recommended for high speed internet connections. AOL users may encounter complications when completing this online session, for best results please select Internet Explorer or Firefox as your browser before logging in to the site.

Please pray for the end of child abuse. Thank you for your commitment of making our faith environments safe environments.

By initiating this online session you are agreeing that you are the same person whose name is registered in the database and whose account was used to login.
